1. Choose three words that best describe your Career Service Learning experience and develop an essay around those words.
2. Think back to your attitude about Career Service Learning prior to your experience. Did your experience change or confirm your attitude? Describe your experiences as you answer this question.
3. Based on your Career Service Learning experience, discuss one or more problems that arose and/or needs to be addressed for the success of the business. What do you think might be a good way to solve the problem(s)? How did you address these issues during your C.S.L. experience?
4. How is your business organization important to the people it serves? What changes would you suggest to the business manager or owner? What was your role in the delivery of services to your business customers? Do you feel you were effective in this role? Why or why not?
5. After your C.S.L. experience, do you have more or less sympathy/understanding for the problems a business incurs? What risks do they take? What problems have to be solved? What dilemmas does this business face? What financial concerns do business owners have?
6. Did you take risks or did you play it safe during this experience? Were you challenged? Did you grow in any way? Did this experience impact the way you see yourself or the business world?
7. What was the best and worst experience you had during Career Service Learning? How would you approach C.S.L. or your career choice differently next year?
8. Did C.S.L. impact the way you think about potential careers? If so, how? Describe what you did during your experience, to what issues you were exposed, the skills you gained, and/or the discussions you had that impacted your thinking about careers.
